

**35F Intelligence Analyst Advanced Leader Course (ALC)**  
**243-35F30-C45**

The Intelligence Analyst ALC is a 252 hour course that provides digital, hands-on, performance-based, scenario-driven training utilizing Distributed Common Ground System Army (DCGS-A) applications. This course trains and evaluates NCOs' ability to conduct intelligence analysis and solve multiple problem sets at various echelons.

NCOs receive training on Leadership principles, the Distributed Common Ground System - Army (DCGS-A) applications, Critical Thinking, Operational Environment (OE), Analytical Reasoning, the Military Decision Making Process, Intelligence Preparation of the Battlefield in Urban Operations, Intelligence Surveillance & Reconnaissance (ISR) Synchronization, Pattern and Link Analysis, the Targeting Process, Counter-terrorism, Counter-insurgency, and Counter-Improvised Explosive Device (IED) Operations. Students will complete a formal Country Study Research Paper and present a Terrorist Organization Brief from a list of designated groups and countries.

The situational training exercise for the course is a seven day JICTC rotation. During the STX, NCOs will apply all the skills learned during the course and serve in a variety of analytical and supervisory positions.
